**Format** Online administration and scoring via PARiConnect

**Time** Varies

**Qual** Varies

## CheckKIT is here to simplify your assessment experience!

The CheckKIT family of products pairs the online assessment industry’s most reliable platform with a library of popular mental health checklists that can be used as a personalized inventory. No need to search for and visit several websites—CheckKIT is a flexible one-stop shop, safeguarded in a HIPAA-compliant platform.

- Users can select from a variety of checklists, **all in one location**, that can be used to track client symptoms across sessions. Data can be exported to facilitate research.
- Administration and scoring are bundled and sold in packages of 5, which can include **any combination** of CheckKIT-ready products.
- Once your client completes a checklist, the data are saved in PARiConnect, allowing you to **view results and instantly run reports**.
- CheckKIT reports include **interpretive text** that can be easily incorporated into your professional reports. And each CheckKIT product offers a **complimentary technical paper** that explains the development behind the measure.

### Now available on CheckKIT:

The **Patient Health Questionnaire-9 (PHQ-9)** is a 9-item depression screener. Designed for use with adults in a primary care setting, it has garnered overwhelming popularity in research and clinical practice.

The **Generalized Anxiety Disorder-7 (GAD-7)** is a 7-item screener for anxiety. Based on the diagnostic criteria for generalized anxiety disorder, the GAD-7 is ideal for use in research and clinical practice.

The **Language Acculturation Meter™ (LAM)** helps you determine examinees’ level of English-language acculturation.

The **Geriatric Depression Scale–Short Form (GDS-SF)** is a 15-item instrument designed to screen for depression in older adults. The GDS-SF can effectively differentiate between individuals with and without depression in about 5 minutes.

**Visit [parinc.com/CheckKIT](http://parinc.com/CheckKIT) frequently to see the additional products we’re releasing!**
