

The NAB is on PARiConnect

Digital features give you more options

The NAB is an innovative instrument offering the combined strengths of a flexible and fixed neuropsychological battery—and features give you even more options!

Purpose	Assesses a wide range of cognitive skills and functions
Age	18–97 years
Format	Paper and pencil; online scoring via PARiConnect
Time	3 hours and 40 minutes to administer all five modules
Qual	C

More digital options

e-Stimulus Books and e-Admin Kits

Our e-Stimulus Books are convenient, more hygienic alternatives to paper administration that allow you to administer the NAB face-to-face via tablet.

Our e-Admin Kits feature e-Manuals and e-Stimulus Books for added convenience.

No more carrying cumbersome printed materials—all you need is your tablet!

Scoring on PARiConnect

The NAB Main Modules Score Report and the NAB Screening Module Score Report are on PARiConnect. Get your results faster so you can focus on treatment.
