Purpose Assesses intelligence and its major components

Age 3–94 years

Format Paper and pencil; online scoring via PARiConnect; download

Time 20–25 minutes for intelligence assessment; 10–15 minutes for memory assessment; 5–10 minutes for speeded processing assessment

Qual C (RIAS-2) or B (RIST-2)

An objective, comprehensive test of intelligence

- Includes two supplemental speeded processing subtests (one verbal, one nonverbal).
- All eight subtests of the RIAS-2 can be completed in less than an hour, and the RIST-2 provides a *g* score in just 15 minutes.
- It can be used across the developmental continuum, from ages 3 to 94 years.
- It's affordable—about half the price of similar measures.
- Normative data are based on a sample of 2,154 individuals from 32 states representing 2012 U.S. Census proportions.
- Includes reliable change scores and ability–achievement discrepancies with the Academic Achievement Battery™ (AAB)™.
- The Reynolds Intellectual Screening Test, Second Edition (RIST-2) is a quick and reliable screening measure of general cognitive aptitude.
- The RIAS-2 Record Form with Spanish Responses includes Spanish-answer options for the Guess What, Verbal Reasoning, and What's Missing subtests.
- The RIAS-2 Remote and RIST-2 Remote are digital adaptations of the paper-and-pencil versions that allow you to administer via videoconferencing.
- In-Person e-Stimulus Books, which allow you to administer the test more hygienically face-to-face via tablet, are available for both the RIAS-2 and the RIST-2.

Accuracy	Speed	Savings
A low emphasis on motor demand makes the RIAS-2 a more precise measure of general intelligence. The RIAS-2 also offers you updated item content; five indexes, including a new speeded processing index; and new normative data.	The RIAS-2 is faster to administer than similar measures—all eight subtests take less than an hour to administer and score. In addition, the available screening version, the RIST-2, can provide a <i>g</i> score in just 15 minutes. Both the RIAS-2 and the RIST-2 offer online scoring on PARiConnect, the industry's most reliable online assessment portal.	The RIAS-2 is much more cost-effective than leading similar measures—less than half the cost of some competitors. In addition, this one test can be given throughout the life span, from ages 3 to 94 years, saving you from purchasing additional instruments. No other measure offers you the combination of accuracy, speed, and savings that you get with the RIAS-2!

Kits
