HVLT-R™/BVMT-R™

Discrepancy Report

Developed by
Ralph H. B. Benedict, PhD, Jason Brandt, PhD
And PAR Staff

Examinee Information

Name: Sample Client
Examinee ID: SC0107
Birthdate: 02/05/1961
Sex: Female
Education: 12

BVMT-R Test Information
Test Date: 5/1/05
Test Description: BVMT Form 1
Age: 44

HVLT-R Test Information
Test Date: 5/1/05
Test Description: HVLT Form 1
Age: 44
Interpretive Caveats

Use of this computer-generated report requires a complete understanding of the Hopkins Verbal Learning Test-Revised (HVLT-R) and the Brief Visuospatial Memory Test-Revised (BVMT-R) as well as the interpretation, applications, and limitations as presented in the HVLT-R Professional Manual, the BVMT-R Professional Manual, and the HVLT-R/BVMT-R Professional Manual Supplement. This report contains results from both the HVLT-R and the BVMT-R. Users should refer to the HVLT-R Professional Manual, the BVMT-R Professional Manual, and the HVLT-R/BVMT-R Professional Manual Supplement for guidelines on the interpretation of this report. Users also should refer to the Professional Manuals for information about the psychometric characteristics of the BVMT-R.

This report is only one source of information about the individual being evaluated. No clinical decisions should be based solely on the information contained in this report. The results contained in this report should be integrated with other sources of information when making decisions about this examinee.

This report is confidential and is intended for use by qualified professionals who have sufficient knowledge of the HVLT-R, BVMT-R, and psychometric testing. Release of this report should be governed by the American Psychological Association’s Ethical Principles of Psychologists and Code of Conduct, as well as state and federal law.
