

Psychopathic Personality Inventory™-Revised

Score Report

Scott O. Lilienfeld, PhD, Michelle R. Widows, PhD,
and PAR Staff

Client Information

Client Name : Jason H. Sample

Client ID : 12345

Test Date : 05/12/2008

Date of Birth : 02/17/1983

Age : 25

Gender : Male

Normative Group : Community/College

Use of this score report requires a complete understanding of the *Psychopathic Personality Inventory-Revised* (PPI-R) scales and their interpretation, applications, and limitations as presented in the PPI-R Professional Manual. This report contains raw and standardized scores from the PPI-R Scoring Summary Form. Users should refer to the PPI-R Professional Manual for procedures and guidelines for the interpretation of this report. Users also should refer to the Professional Manual for information about the psychometric characteristics of the PPI-R.

This report should be used as only one source of information about the individual being evaluated. In this respect, no decisions should be based solely on the information contained in this report. The raw and standardized scores contained in this report should be integrated with other sources of information when making decisions about this individual.

This report is confidential and is intended for use by qualified professionals who have sufficient knowledge of psychometric testing and of the PPI-R. *This report should not be released to the respondent or to any individuals who are not qualified to interpret the results.*

PPI-R Scoring Summary Table

(Normative Group: Community/College)

Content Scales	Raw score	T score	%ile	90% C.I.
